Welcome to  
Momentum Student Internships

## We're glad you're here!

You have been chosen to join Momentum in our work to empower potential through innovation.

We value your interests and support in our journey.

As you learn and experience our work, we hope to interest you beyond this internship.

We see the future is bright and filled with new ways to be a part of the Momentum family.

We imagine students as potential employees and even potential Junior Board members.

# Momentum Family of Organizations

The video player displays a black and white photograph of two young people, a boy and a girl, sitting in wheelchairs and smiling. The boy is on the left, wearing a white polo shirt and light-colored pants. The girl is on the right, wearing a dark t-shirt with 'SNP' and three horizontal stripes on the chest, and dark pants. They are outdoors on a paved path. The video player interface includes a play button, a volume icon, a progress bar, and icons for closed captions, settings, and the YouTube logo.

## Mission Statement

We are dedicated to advancing the independence, productivity, and full citizenship of children and adults with disabilities and medical conditions.

We are unlocking the power that comes from integrating all individuals into society. We help individuals with disabilities at all stages of life live their day to day lives. We help families, by guiding new parents on the best path forward. We are working to improve the lives of those who care endlessly for the individuals supported.

As a family of organizations, we partner with employers and other organizations to create ways in which they can tap into the skills of everyone. And we are advocating with policymakers, reaching out to raise awareness and understanding for the people we support. Through our dedication, support, and advocacy, we are transforming the quality of life for everyone.

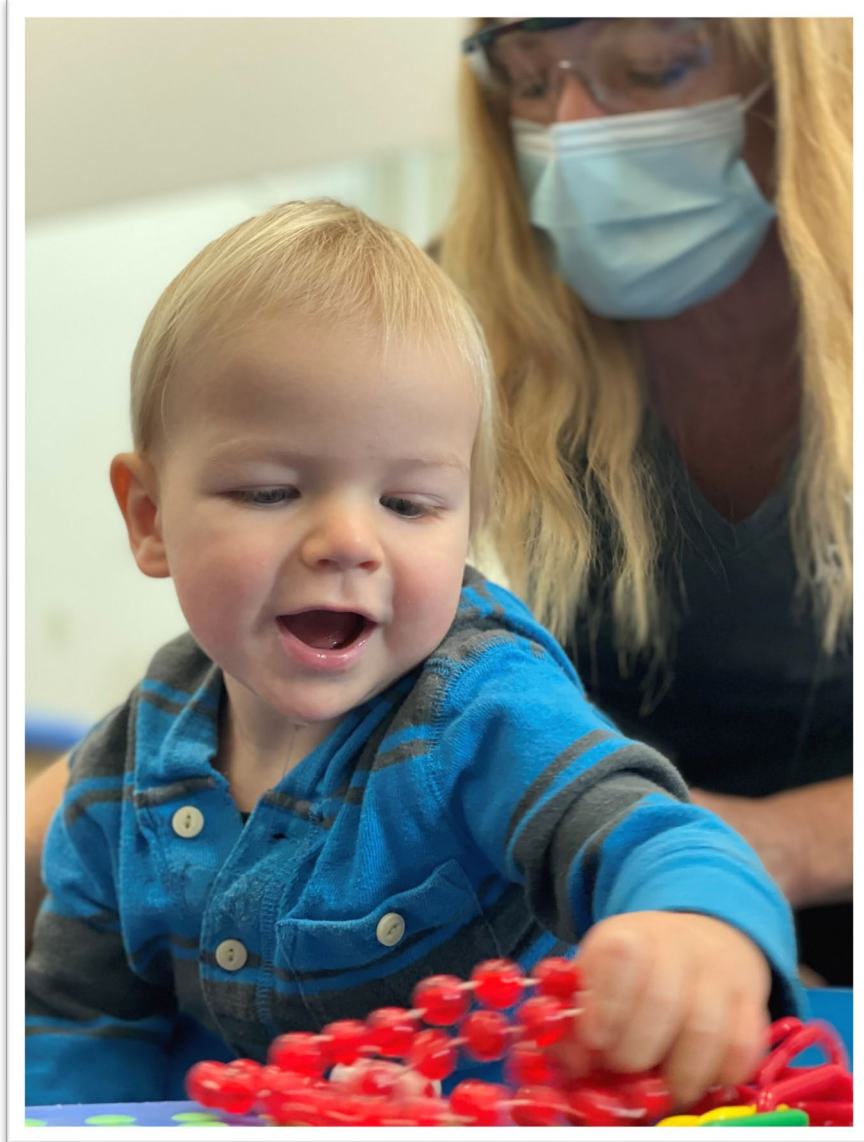

## Advocacy

We believe everyone can be an advocate for people having a choice, to receive access, and have an opportunity for room at the table to discuss how to better create equity in our communities.

For 75 years, Momentum (Formerly UCP of Los Angeles) has remained on the front lines of that mission. Each month, we provide updates of the latest decisions and opportunities for advocacy action. With our Voter Voice platform, we give people the direct line to lawmakers to ensure voices and needs are heard.

## Heroes Work Here

Direct support professionals, therapists, and support staff are the soul of Momentum. Without them, we wouldn't be able to positively create change and impact the lives of so many people. We are amazed by their passion and excellence.

## Momentum Creative

Momentum Creative is at the intersection of personal expression and independence. Our exhibition space promotes distinct, experimental, and breakthrough art practices. Through innovative supports and resources, individuals have the freedom and flexibility they need to produce, market, and sell their work. The gallery features Momentum artists, Los Angeles area artists, and invited guests from all over the world.

# Now Offering a Lifespan of Support

In the summer of 2021, Momentum merged with Pediatric Therapy Network in the South Bay to now offer a lifespan of services.

**These pediatric programs have helped children and families for 25 years and will now continue to grow for years and generations to come.**
